IPA Houses & Other Accommodation

Welcome to the World of IPA Houses!

The objective of establishing IPA Houses is to provide cost-effective quality and friendly accommodation for all IPA members, their families and other visitors within a framework of a well-managed environment.

Various properties in member countries serve as official IPA Houses that offer members accommodation at a reasonable price. Additionally, members have access to Other Accommodation at discounted rates for IPA members

IPA Houses and Apartments stretch across the globe, from Belgium to Portugal, Australia to South Africa, Brazil to Hungary, Greece to Sweden, Denmark to Ireland, Poland to Germany, France to Spain.

Definitions – IPA Houses and Other IPA Accommodation

IPA Houses relate to IPA properties that are officially owned, leased or rented by IPA sections and / or their subdivisions and which have duly been designated as an IPA House in accordance with the Procedure for IPA Houses and Other Accommodation.

- Each IPA House has its own rates for accommodation. IPA Sections uphold the principle that accommodation fees should be beneficial so as to motivate IPA members to utilise the Houses as often as possible.

In addition, and in acknowledging the cost of operating IPA Houses and that not all Sections have the ability to operate official IPA Houses, many IPA sections offer **Other IPA Accommodation**. Other IPA accommodation relates to properties owned and managed by private persons / entities and / or IPA members. These are not officially recognised as IPA Houses.

- At these Facilities accommodation for IPA members and their immediate dependents are offered at discounted rates.
- Note is to be taken that the IPA is not responsible for reservations, maintenance or management of these facilities.

Objective of the Book

The **“IPA Hosting Book”** aims to provide information and contact details regarding official IPA Houses in operation within the various IPA Sections, as well as Other IPA Accommodation available in the respective Countries.

The IPA Facility is a 2nd floor apartment situated in the city centre of Athens and has been in operation since 1995. Athens has been the centre of Greek civilization for some 4,000 years. The capital of modern Greece, it's still dominated by 5th-century-B.C. landmarks, including the Acropolis, a hilltop citadel topped with ancient buildings such as the colonnaded Parthenon temple. But it is also a contemporary city, and it is not uncommon for the nightlife hubs of Kolonaki, Psiri and Gazi to stay busy until dawn.

From the apartment, you are on the doorstep of various world-renowned sights that provide insight into the history of Greece and the city of Athens, and include sights such as the Acropolis Rock and Museum, the Archaeological Museum, Syndagma Square, Parliament, the National Garden, Plaka (the Old City) and many more. Apart from strolling around, public transport is available – metro, buses, trams, etc.

• Accommodation:

The self-catering facility has 2 double rooms and one room with 4 beds. In addition, there is a fully equipped kitchen and two shared bathrooms. All rooms have air-conditioning, TV, a refrigerator, balcony, and linen is provided. Parking is available, either free, in the road in front of the apartment, or guarded at a nominal charge. Galway City is the 4th largest City in Ireland. There is a vibrancy to the friendly university city, which many delight in, and few forget. Music, festivals, horse racing, pubs, restaurants, shops, theatres and most of all Galway people, combine to create an atmosphere you will want to return to again and again.

Galway City attractions include: Galway Atlantaquaria, Galway City Museum, Leisureland and The Nora Barnacle House Museum.
